

Back-to-School Shopping has never been so easy!!

Dear Parents,

The PTF has been working with a company called SchoolKidz, which provides a back-to-school supply kit customized by the teachers for individual grades. Attached you will find an **ON-LINE ONLY** order form which has been customized by the teachers for your child's grade. The teachers and PTF have worked hard to create a "complete" list of supplies needed for the upcoming 2018-2019 school year; however, as in previous years, there may be some additional items teachers will request once the school year begins. You will also note on the bottom of the order form there is a section called "Important Parent Notes." This lists some additional items which are not included as part of the "kit".

The PTF would like to offer this "service" to you. It is not required. **This program will save you time**, making "back-to-school time" less hectic and more enjoyable for both students and parents. If you choose to use this service, you must place your order on-line before the **deadline of June 22, 2018**. Your customized kit will then be packed and delivered to the school ready for your child's first day of school. As you will notice, there are additional items that you may purchase on the website i.e. backpacks, water bottles, lunch bags and food jars which are at your discretion and are NOT included in the kit price.

Please feel free to contact me if you have any questions regarding this program.

Sincerely,

Mary Lou Lindow

PTF Representative for SchoolKidz
